

Join Sail Parry Sound on April 6, 2013 for a special showing of the movie 'Racing Around the World Alone'

This is the story of the 2008/2009 Vendée Globe race, where racers are on a quest to be the fastest to sail 27,000 miles around the world, nonstop and alone on 60 foot sailboats. Canada's own, courageous and determined Derek Hatfield was one of these sailors. This is one of the most extreme challenges a human being can face.
